

ENTERPRISE COMMUNICATION PROPOSAL

Business communication over email and mobile

Submitted by,
Mr. Juhul Shah (9824192328)
Netcore Solutions Pvt Ltd
C/o. **Wizcraft Computer Systems**
1103, Capstone, Nr. Chirag Motors,
Opp. Guj College Ground, Paldi,
Ahmedabad - 380007.

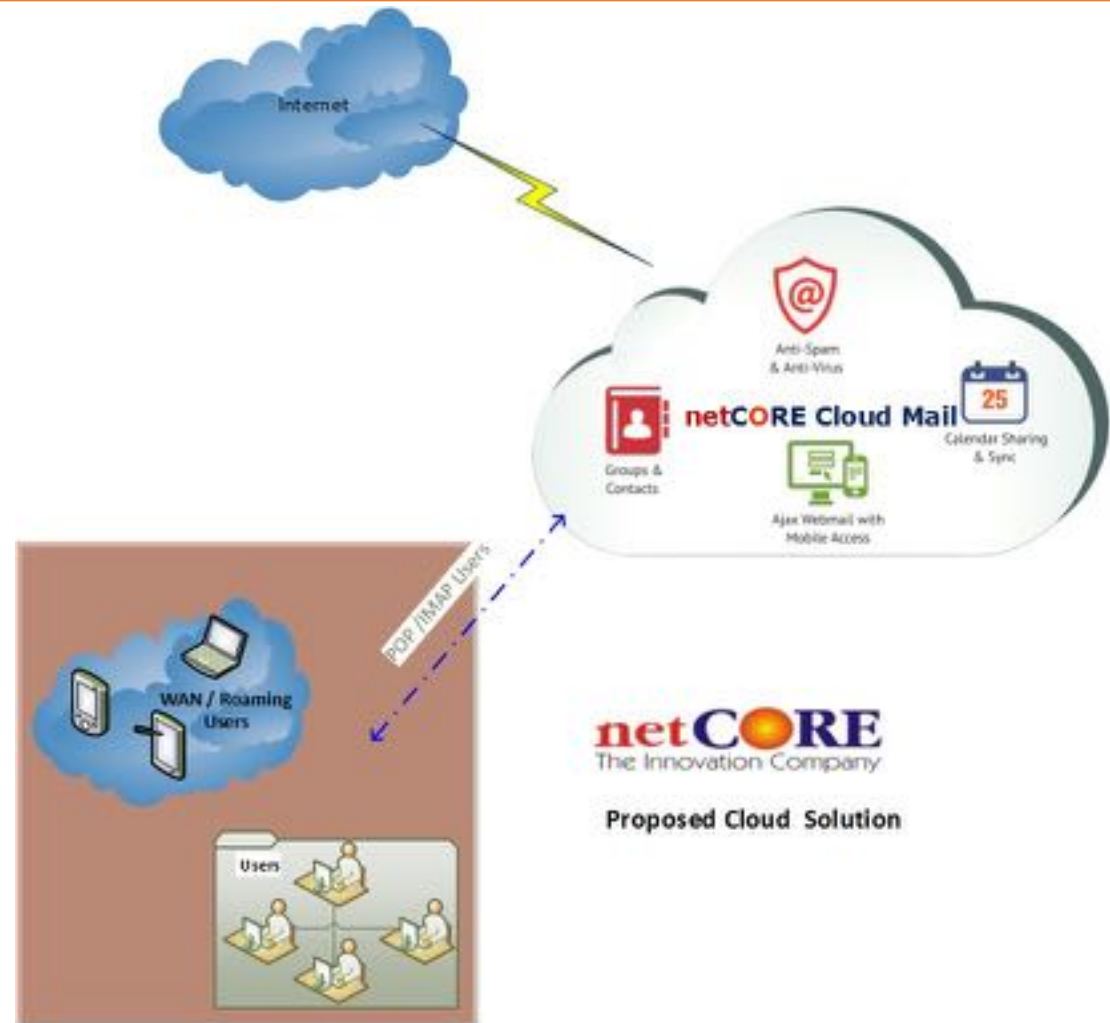

Proposed Solution

Solution :Cloud Mail

Mail Flow:

- Mails come to our **ECM** Anti-spam/Anti-virus hosted server and are scanned to remove all virus infected mails. And all spams are analyzed, quarantined as required.
- The spam and virus free mails are sent to the **Cloud Server** .Admin can create/delete/modify users and create/delete/modify groups as well as see reports for multiple domains.
- Users access the mails (Send / Receive) via Mobile, Blackberry (BIS), E-Mail Client or Webmail.

Key Features

Features of Proposed Solution

Multi-layered protection

- 99% virus free emails
- 95% spam free emails

- Personal spam and virus digest
- Zero false-positive ratio

Mobility

- Supports POP/IMAP & SMTP
- Personal storage area

Ease of Use

- Light-weight & user friendly AJAX Webmail
- Quick and easy setup for mobiles (iOS & Android)

Privilege ID Feature

- Mails sent to **select email ids** are held till approval

Email Restriction

- Incoming emails
- Outgoing emails
- Domains

Label Management

Features of Proposed Solution

Contact Sync

- Find contacts with Global address book (GAL)
- Supports offline access
- 3-Way Sync

Calendar Share

- With your contacts or groups
- 3-Way Sync

- 24/7 support over email, phone & chat

WatchDog Account

- Monitor Incoming & Outgoing Mails

Additional 25GB Email id Required & needs to be consumed.

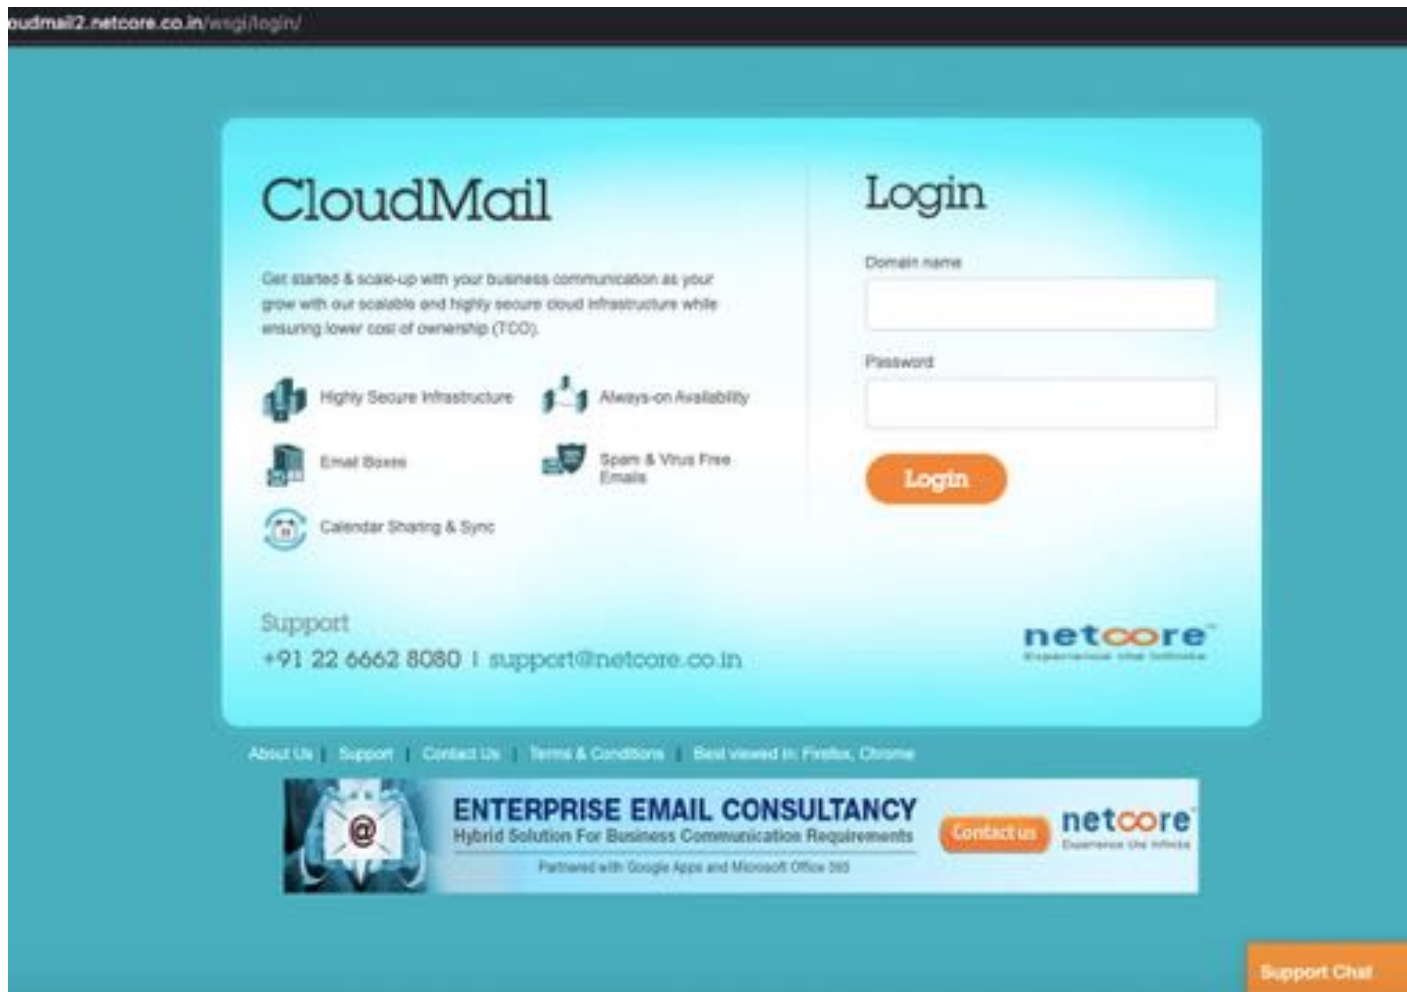

Reports

- Last Login
- Inactive Users
- Audit Report

Web Based Chat Feature

CloudMail User Management

Few Snaps of CloudMail Admin Panel

The screenshot shows the 'Add a New Email Rule' interface in the CloudMail Admin Panel. The page has a teal sidebar on the left with navigation menus for 'User Management', 'Restriction Rules', 'Settings', and 'Analyse'. The main content area is titled 'Add a New Email Rule' and includes a 'Back to Email Rule' link. The form contains several sections: a 'Label' dropdown menu with a 'Please Select a label' placeholder; an 'Enter Email id or domain' input field with 'Add >>' and 'Remove' buttons; a 'Moderator Email' dropdown menu with a 'Select a Moderator from dropdown list' placeholder; a 'Type' section with radio buttons for 'Both', 'Incoming', and 'Outgoing'; a 'Permission' section with radio buttons for 'Allow' and 'Deny'; a blue informational box stating 'Members can receive from and send mails only to the added email id/domain'; an 'Actions' section with radio buttons for 'Forward' and 'Quarantine'; and a 'Notifications' section with radio buttons for 'Notify Sender' and 'Notify Moderator'. A 'Submit' button is located at the bottom of the form.
